Math Maze

ANSWER KEY

Find your way from top to bottom by following the path of correct answers. You can only exit a cell if the number matches the answer to the problem.

The maze consists of a 10x10 grid of math problems. Each cell contains a problem with a red number above it, indicating the correct answer. The path starts at the top center (row 1, column 5) and ends at the bottom left (row 10, column 1). The path is marked with red numbers and arrows.
